Mr. & Mrs. Hamilton
10627 John Ayres Dr.
Fairfax, VA 22032

Dear Mr. Menefee,

My wife and I wish to express our sincere thanks for the outstanding Master Bath renovation that FA Design Build completed at our home several weeks ago. From the design options and guidance that Stacey provided us from the very first meeting, to the careful detail and care that Ricky showed us when we were confronted with unforeseen issues over the Christmas Holiday. Juan's crew worked hard and the finished product is a Master Bath that could easily be compared to those found in a Five Star Hotel anywhere in the world.

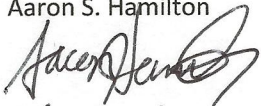

We have used FA Design Build for a number of home projects in the past, to include kitchen modifications, hall bath pull and replace as well as to update lighting. We have always been please with your company's previous work, which is why we reached out regarding our master bath.

We priced out a number of other well-known local companies that offered the standard Master Bath pull and replace options. We found that none could come close to what FA Design Build offered in terms of completeness and quality in your proposal. We are exceedingly pleased with the final result and ask that you extend our "Thank You" to your staff, who treated us more like close friends than client's throughout the process.

My wife and I look forward to working with FA Design Build again in the future.

Sincerely,

Aaron S. Hamilton

Kim. A. Hamilton
